Your message is printed inside the establishment and will be included in the daily mail delivery. In select establishments your message is sent directly to the kiosk/in-cell device, for your prisoner to read and reply to.

What happens during a prisoners induction into prison?

The early days can be a very worrying time for the family as it can take up to two weeks before you hear from the person inside.

The prison aims to provide a service to the prisoners that is caring, kind and compassionate. Allowing them to feel valued members of the prison community.

ARRIVAL AND FIRST NIGHT: When a prisoner first arrives at HMP Winchester, they will be able to contact a family member by phone or a welfare call will be made on their behalf if they fall under the Public Protection laws.

During their reception process, prisoners will be asked questions to allow the officers to make their first night as safe as possible for everyone.

INDUCTION: Each prisoner goes through a first and second stage induction.

During this time, they will fill out relevant paperwork and staff will answer any questions they have. They will meet with professionals who can help them with the following:

- Health & wellbeing (including mental & sexual health)
- Any substance misuse issues
- Personal development in custody and on release, including skills, education and training.
- Spurgeons - a charity supporting Dads in prison.

There will also be support provided by 'insiders' who are prisoners themselves who will also go through everything they will need to know while they are here at HMP Winchester.

Prisoners can send two free letters a week. All letters from family & friends must include the prisoner number on the envelope.

How to keep in contact

Video Calls

You can book and take part in a secure video call with a family member or friend in prison.

Video calls last 30 minutes and can have up to 4 people on the call talking to a prisoner. All callers must be on the prisoner's visitor list and the 'main caller' must be over 18. People under 18 can be on the video call, as long as they are on the prisoner's visitor list.

Video call security

You'll need to follow the usual prison rules around what to wear and how to behave. Remember that all calls are recorded, and prison staff may view or listen to calls as they are happening. The call can be paused or ended if prison rules are not followed.

What you'll need to make a video call

- Mobile phone or tablet – this service is not available using a computer
- An account with a secure video calling application
- Passport, driving license or another government-issued photo ID
- Proof of address (if your ID does not include this)
- The prisoner's name, number and date of birth
- Names, dates of birth and addresses for everyone who would like to be on the video call

How to get set up for a video call

Step 1:

Download the Prison Video app via the [Prison Video website](#), from [Google Play](#) or the [Apple App Store](#).

You will need to install the app on your phone or tablet.

Step 2:

Create an account in the app and add everyone who will be on the call.

To create an account you will need to be over 18 years old and have a picture of your driving license, passport or other government-issued photo ID. It can take up to 24 hours for your account to be verified.

Once verified, set up the call: You must include the names and dates of birth of everyone who will be on the video call. You will also need to upload ID for people over 18.

Finally, add the name of the person you want to have the video call with as a 'contact'.

Step 3:

Make a video call request

The exact process of booking a call will depend on the prison.

Step 4:

You need a reliable internet connection. Wi-Fi is recommended, but you can also use 3G or 4G mobile data.

You don't need headphones for the video call, but it may help with the sound quality.

For more information visit:

<https://www.gov.uk/guidance/visit-a-prisoner-using-a-video-call>

What happens on a visit?

What happens on a visit?

Our Volunteers will welcome you in the Visitor Centre, where you can rest and have refreshments after a long (or short!) journey. They will be happy to explain how visits take place, assist with any queries you may have and liaise with the security team, when the prison is ready to start visits.

They will check with you:

- That you are on the visits list.
- Is it your first visit.
- That you have your ID.
- Talk about prison dress code.
- Inform you of any changes since your last visit.

LOCKERS: The Volunteers will remind you that you need to leave all your belongings in the lockers found outside the Gate - EXCEPT your ID and Coins for the tea bar, which you take into the gate.

SECURITY GATE: Your ID will be checked and you will be searched by security staff and the dog handler with a highly trained (and very clever) dog.

WAITING AREA: You wait here for one of the prison guards to escort you to the Visits Hall.

VISITS HALL: Prison staff will be present in the visiting area to make sure that the session runs smoothly and that the visiting area is safe and comfortable for visitors and prisoners.

There is a tea bar where you can buy tea, coffee, cold drinks, crisps and confectionary for you and the person that you are visiting.

During the visit, the prisoner and their visitor(s) will sit across a table in an open room, with other prisoners and visitors present. Hugs are permitted between the prisoner and their visitor(s) at the beginning and end of the visit. The prisoner will have to remain seated for the rest of their visit.

Children are the parent / adult carers responsibility at all times.

A play area is available for children from age 2 to 12 years. Volunteers are on hand in the play area to support the children's play and give you some time with the person you are visiting.

Please note that there are no toilet or baby changing facilities in the visits hall, you can ask to leave the visit to go to the toilet and then re-join the visit if still time.

Security, Property & Dresscode

Security

All visitors entering HMP/YOI Winchester will be subject to a search. Searches will be carried out with respect and courtesy. Searching usually involves a level B 'rub down' search, similar to those undertaken at airports. You will be asked to open your mouth. Passive dogs may also be used specifically to pick up the scent of controlled drugs. If a visitor is caught in possession of drugs or other prohibited items, the police will be called and the visitor will be prosecuted.

Children and babies will also be searched, but this will be done sensitively and in the presence of their parent or the main adult with them.

Dress code

It is your responsibility to dress appropriately. The prison staff will ask you to change your clothing if deemed inappropriate. (we have a limited supply of clothing in the Visits Centre should you be asked to change). Failure to do so could have your visit terminated. Please refer to <https://www.gov.uk/guidance/winchester-prison>

Can I bring property for a prisoner?

The prisoner will need to complete an application form stating his clothing requirements. This will be checked and approved by the prison, and only then can the prisoner notify their family member/friend of their clothing requirements. Full details can be found on:

<https://www.gov.uk/guidance/winchester-prison>

Clothing will only be allowed to be handed in during your prison visit and you will be notified which visit this will be. All items will undergo prison security searches before being given to the prisoner.

Please note: No toiletries, tobacco or food can be handed or sent in. Duvets, blankets and pillows are supplied by the prison.

Prisoners have in cell phones which they can use if they have pin credit. Pin credit can be purchased once a week (by the prisoner) through the prison canteen system. They must complete a pin phone application to apply for numbers. When authorised (takes up to 10 days) they will only be able to call these numbers.

Prison Voicemail

Prison Voicemail enables family or friends to exchange voicemail messages with a prisoner at any time and speak directly through Live Calls. You are assigned a unique landline phone number which the prisoner calls to listen to messages, leave replies, and do live calls.

How to sign up

- The family or friend of the prisoner signs up for Prison Voicemail at <https://prisonvoicemail.com> or over the phone [01603 340588](tel:01603340588).
- You will need:
 - a. Your phone number
 - b. Basic prisoner details including prisoner number
 - c. Credit or debit card

Who pays for this service?

Each package comes with a set number of call minutes for the month. Current packages can be seen on the Prison Voicemail website <https://prisonvoicemail.com>.

How to keep in contact

Is it possible to sign-up over the phone for non-internet users?

Yes, just call [01603 340588](tel:01603340588) and they will help you to sign up.

Does the user need to inform the prisoner about the account?

No, 'the prison voicemail service' will work with the prison to do that. However, if the prisoner does not check their messages once they have been informed, it is up to the family member to ask them to.

How does it work?

The user records a voicemail into their Prison Voicemail app or dials their Prison Voicemail landline number from the mobile phone registered to their account (they will not be able to get through from any other number). The message is then instantly available at the other end. The next time the prisoner dials the same Prison Voicemail landline number from inside the prison, they will hear the message played back to them. If there are multiple messages, the prisoner will hear them one after another. Once the messages have played, the prisoner can hang up or leave a reply message. If the user has the Prison Voicemail app then while the prisoner is leaving a reply, the app will ring and the user can answer and speak to the prisoner. The call ends when either party hangs up.
